Summary

Certified Microsoft Power BI Data Analyst with 3 years 6 months of experience in data collection, transformation, modelling, visualization and analysis. Proficient in gathering requirements, defining objectives while working with cross-functional teams. Worked in both Private sector and Government sector as a Data Analyst and realized that private sector organizations have better IT infrastructure that allows smooth workflow and productivity. Hence, seeking a transition to a **Data Analyst or Power BI Developer** role in a good private sector organization that aligns with my skills and interests. Well versed in **SQL, Excel, Power BI, Python, DAX, Power BI Dashboards, RLS, Visualisation, Data Modelling and Management, SAP ERP**.
